ART AND DARING

D'ART

ET D'AUDACE

D'ART ET D'AUDACE

ART AND DARING

L'esthétisme et l'audace sont l'essence du processus de création, ils permettent à la beauté de transcender l'objet et nous transportent dans des univers sensibles de découverte et d'éveil.

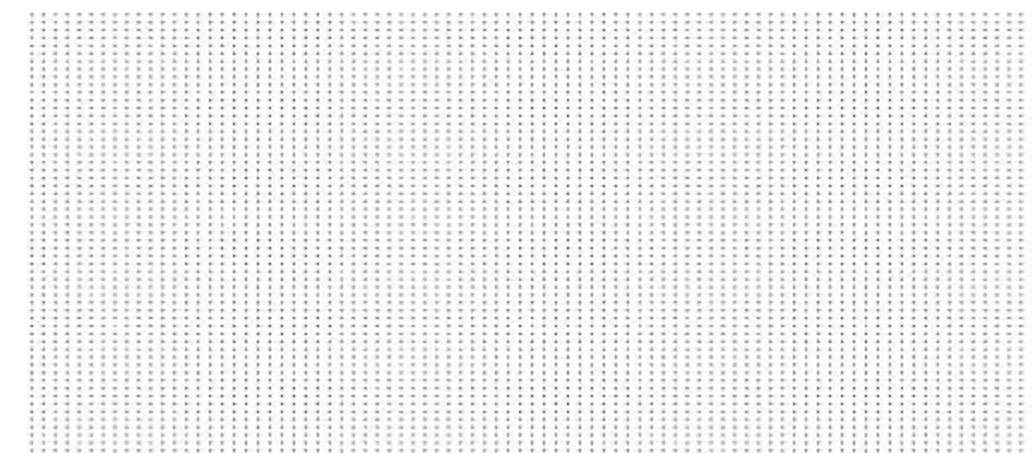

Vibrant d'émotion, le design donne vie. Il sublime l'espace et la ville se pare de ses plus beaux atouts.

Armé d'un désir insatiable de dépasser la fonction pour savourer la forme, Cyria use de son regard affûté pour révéler l'unique. Chacune de ses pièces propose une vision singulière qui éveille les sens et crée l'émotion.

Aesthetics and boldness are the essence of the creative process, they allow the beauty to transcend the object and transport us to a sensitive universe of discovery and awakening.

Vibrant with emotion the design becomes alive and the city adorns itself with its finery.

Armed with an insatiable desire to enjoy the form and to go beyond its capacity, Cyria uses its sharp eyes to reveal the unique. Each of its pieces offers a singular vision that awakens the senses and creates emotion.

CYRIA

CYRIA

CYRIA

Cyria a toujours été guidée par un attachement fort à la posture d'éditeur qui rythme son approche. Animée par l'amour de l'art et de l'audace, elle décèle le potentiel, sélectionne et accueille artistes et designers, afin de livrer au monde la beauté de leurs créations originales et le message transmis par leurs prises de positions et leurs propres postures.

La force de l'édition Cyria réside dans la poésie et l'émotion. Elle crée, pour les artistes qu'elle accueille, des territoires d'expression d'avant garde propices à la liberté de création. Et si d'une main elle promeut, de l'autre elle protège car éditer n'est pas un acte banal et l'inédit mobilise les convoitises. Il requiert respect, admiration et engagement pour la protection de la démarche intellectuelle de l'auteur.

Cyria is guided by its strong attachment to the editorial line that paces its work. Animated by its love for art and boldness, it spots potential, selects and welcomes artists and designers to show the world the beauty of their original creations, as well as the message conveyed by their opinions and positions.

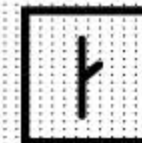

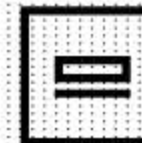

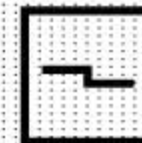

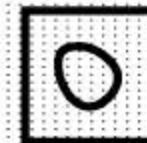

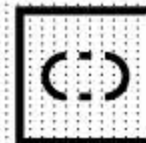

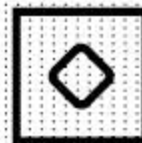

The strength of Cyria's editorial line rests in its poetry and emotion. It creates avant-garde areas of expression for the artists it welcomes, ideal for ensuring freedom of creation. On the one hand it promotes and on the other it protects - as editing is no mundane activity, and novelty drives desire. It requires respect, admiration and commitment, to ensure the author's intellectual process is protected.

LES UNIVERS

Les univers Cyria incarnent de profondes affirmations, des prises de positions audacieuses, des visions uniques de la beauté. Leur expression, pure et honnête, touche par sa sensibilité et sa poésie.
